

Angela Del Ponte

Executive Assistant

Ms. Del Ponte joined the Sonoma Technology team in 2019. She works to optimize and scale operations for Sonoma Technology's leadership team so that they can focus on providing innovative science solutions to Sonoma Technology's clients and business partners. She has an extensive background in communications, marketing, and risk management. Ms. Del Ponte has a passion for connecting people with the information and resources they need and helping support professionals to drive for success.

Prior to joining Sonoma Technology, Ms. Del Ponte was the office manager at an environmental consulting company in Marin where she supported the Chief Operating Officer, led health and safety compliance efforts, and developed training curriculum for three offices. A lifelong resident of Marin County, Ms. Del Ponte lives in Novato with her husband, daughter, amazing cat, and very social goldfish. She earned a BA in Communications from Chico State, and enjoys bringing people together for adventures with mud runs, mountain biking, paddle boarding, and pool parties. Ms. Del Ponte enjoys bingeing shows on Netflix and cooking like a Top Chef with her husband and daughter.

Education

BA, Communications, California State University, Chico
